

MOSCONE CENTER

Elevated Security Plan

1. Drivers of all vehicles destined for our underground dock system will be required to present identification and be logged in, prior to entering the building.
2. Perimeter checks by In-house Security personnel can be elevated in both number and timing.
3. Internal rounds by In-house security personnel can be increased as determined necessary.
4. Entrance points can be restricted to as few as one per lobby for the purpose of identification checks. ***Exits (especially during open hours) cannot be compromised.***
5. Metal Detectors can be installed at primary entrance points to the building, lobbies and/or critical meeting locations (provided by an outside service).
6. Video screening through existing system can be elevated from an individual to a team responsibility and information can be shared with contract security/security consultant, or a designate of the client's choosing.
7. SFPD uniformed officers can be employed as determined necessary.

To request additional In-house Security Personnel/Perimeter Checks/Rounds, please contact Rolando Cruz, Sr. Security Manager at rcruz@moscone.com - Direct at (415) 348-4367.

For SFPD or other City support, please contact Veronica (Ronnie) Lee, Sr. Loss Prevention Mgr. / City Liaison at rlee@moscone.com - Direct at (415) 974-4093.

Financial impact of the elevated level of In-house security personnel run between \$55 -\$65 per hour. Financial impact of uniformed SFPD officers will run approximately \$150 per hour (Use for budgeting purposes). Veronica (Ronnie) Lee can assist in obtaining a written estimate from SFPD.
